1. Please give us your comments about the weeks leading up to today's tournament:

Prior to Tournament Day	Strongly Disagree	Disagree	Agree	Strongly Agree
The ogpc information on the web was useful and complete.				
The coach information I received prior to the tournament provided useful information that helped me prepare for the tournament.				
The ogpc program allowed reasonable amount of time for the team members to research and create a game.				
The team members found the energy theme interesting and exciting.				
Game Maker was an appropriate platform for the Oregon Game Project Challenge.				
The ethics guidelines were appropriate and encouraged my students to problem solve on their own.				

2. Please share any other thoughts you have about the period before today's tournament:

3. Please give us your opinions about the tournament day:

Tournament Day	Strongly Disagree	Disagree	Agree	Strongly Agree
The registration desk was welcoming and organized.				
The schedule I received at registration was easy to follow.				
The Coaches Meeting gave me a good understanding of how the day would go.				
Signs, maps or volunteers helped us find where we needed to go.				
The judges asked good questions and actively interested to the team members' answers.				
The peer presentations were an appropriate and useful element of the Challenge.				
Asking the teams to review other teams' games was an appropriate and useful element of the tournament.				
The professional presentations were informative and useful to my team.				
There was enough time for my team to get to each scheduled location during the day.				
The venue was a suitable site for a tournament.				
The tournament day was a comfortable length.				
The awards ceremony was interesting and fun.				
The awards structure worked well.				

4. Please share any other thoughts you have about today's tournament:

5. Please give us your opinions about the challenge season as a whole:

Challenge Season	Strongly Disagree	Disagree	Agree	Strongly Agree
I expect to coach an OGPC team again next year				
I expect that all or some of our team members will participate next year.				
Our team members learned about computer science during the season.				
Because of the OGPC season, some of the team members are more likely to pursue a college degree in computer science or software engineering.				
I will recommend OGPC to other adults as a way to give students an opportunity to learn something about computer science.				

6. Please share any other thoughts you have the season as a whole:
