

Oregon CTY Event 2009
Abstract

Robotics -- Hands-On & Interactive -- From Industrial Practice to Advanced Research

Saturday, April 4, 2009

Hoffman Hall, Portland State University, Portland, Oregon

A day of hands-on activities led by experts from around Oregon. Learn about machine vision, artificial intelligence, remote sensing, and autonomous behavior in a fun, engaging format featuring robots, both large and small.

Capacity: 100 students and 100 parents.
